Marijuana Use in Delaware

**Lifetime Marijuana Use by Grade (%)**

While only about a quarter of 9th grade students have used marijuana in their lifetime, more than half of high school seniors in Delaware report having used marijuana.

**Trends**

The perception of harm from smoking marijuana among Delaware 8th and 11th graders has declined in recent years.

**Past Month Use**

Nearly a quarter of 11th graders in Delaware report using marijuana in the past month.

**Driving**

1 in 3 Delaware 11th graders reported ever riding in a car after the driver had smoked marijuana.
