Marijuana Use in Delaware

**Prevalence**
7% of surveyed 8th grade students used marijuana in the past month.

**Young Adult Use**
More than 1 in 4 young adults in Delaware, aged 18-25, report using marijuana in the past month.

**Perception of Risk**
Only 1 in 3 8th graders perceive regular marijuana use to be a great risk.

**Self-reported Past Month Marijuana Use (%)**

![Graph showing self-reported past month marijuana use for 8th and 11th grades from 1999 to 2020](image)

While past month marijuana use has **declined by roughly 50%** among 8th grade students over the past 20 years, it has remained relatively stable for 11th graders.
