

YEAR 2007

**DELAWARE SECONDARY SCHOOL STUDENT
ASSENT AND SURVEY INSTRUCTIONS**

This questionnaire is part of a study of student experiences, including the use of cigarettes, alcohol and other drugs. The study is being conducted by the University of Delaware. The answers you give will be entirely confidential and anonymous --no one in your school, family or community will ever know how you answered the questions. We will keep your responses secret because, if the study is to be helpful, it is important that you answer each question truthfully, as best you can.

This study is completely voluntary. There is NO penalty if you choose not to fill out the questionnaire or any part of it.

This **IS NOT A TEST**, so there are no right or wrong answers. Please work as quickly as you can. If you don't find an answer that fits exactly, choose the one that comes closest. If a question does not apply to you, or if you are not sure what it means, just leave it blank. If you have any questions, turn your questionnaire over and raise your hand and someone will come to help you. **Unless it says otherwise in the question, do not mark more than one answer for any question.** When you are finished, please turn your booklet over and raise your hand. I will come around with an envelope for you to put your survey in. You can then work quietly at your desk on something else until everyone has finished.

Be sure to read the instructions before you begin to answer.

You should answer each question by completely filling in the circle next to the answer you choose. For example:

I am currently attending school:

- Yes
- No

Thank you very much for being an important part of this study.

MARKING INSTRUCTIONS

- Use a No. 2 pencil only.
- Do not use ink, ballpoint, or felt tip pens.
- Make solid marks that fill the response completely.
- Erase cleanly any marks you wish to change.
- Make no stray marks on this form.
